

# MYLÈNE FEUILLADE

Sciences Po, Department of Economics  
28 rue des Saints-Pères, 75007 Paris, France

<https://mylenefeuilleade.github.io/>  
[mylene.feuilleade@sciencespo.fr](mailto:mylene.feuilleade@sciencespo.fr)

Research interests: Urban Economics, Labour Economics, Gender Economics

## CURRENT POSITION

---

**PhD Research Fellow**, Paris School of Economics, Labour Chair

2023 - Present

## EDUCATION

---

- **Sciences Po - *Ph.D. in Economics*** 2020 - Present  
*Supervisor: Pierre-Philippe Combes*  
Topic: Spatial wage disparities and household location choices  
Expected Graduation: Fall 2024
- **Sciences Po - Erasmus Mundus - *Master in Economics*** 2015 - 2018
  - First year: *QEM – Models and methods of Quantitative Economics (GPA: 3.92/4)*
    - \* First semester: **Universitat Autònoma de Barcelona**
    - \* Second semester: **University Paris 1 - Panthéon Sorbonne**
  - Second year: **Sciences Po - *Master in Economics***. (*with honors*)
- **Sciences Po** 2012 - 2015  
*Bachelor in Social Sciences, Economics Track*
  - **University of Auckland** (New Zealand)  
*Year-Long Exchange Program, Mathematics and Economics (2014-2015)*
- **University Paris 1** 2012 - 2015  
*Bachelor of Applied Mathematics and Social Sciences (with honors)*

## WORKING PAPERS

---

- **Gender norms and household location choices**  
Abstract:  
In this paper, I study the impact of location choices on earnings and employment by gender and marital status, using administrative data from France. With staggered difference-in-difference design I show that married women are the only group for whom moving induces a temporary income loss of around 7% in the two years following the move. I then study the within-household effect of moves for married couples and find that on average moving leads to a loss of total household income. For households which were egalitarian before the move, meaning both partners earned approximately the same income I show that an income gap opens up in favor of the man after moving. Those two results are not consistent with a gender neutral mechanism in which households maximise total income and prioritise the primary earner's income. Instead, it points to a role of gender norms, where households prioritise men's career over women's.
- **Gender and the city: gaps in the urban wage premium**  
Abstract:  
The existence of an urban wage premium has been largely established by the urban economics literature. However, despite many potential mechanism, there is no consensus on its heterogeneity by gender. In this paper, I adapt the standard two-step approach to estimate the urban wage premium by gender and marital

status. I find that women benefit 50% more than men from city density in terms of income. I also document that women experience a higher "big city employment premium": their probability of being unemployed decreases 50% more with density than men's. Finally, I show that these elasticities are not significantly different for married men or women than for single ones. </h4>

- **Within- and Between-City Real Income Disparities**

*With Pierre-Philippe Combes (Sciences Po and CEPR), Laurent Gobillon (Paris School of Economics), Aurélie Sotura (Banque de France) and Tanguy Van Ypersele (Aix-Marseille School of Economics)*

- **National wage setting in France"**

*With Dimitrije Ruzic (INSEAD) and Lin Tian (INSEAD)*

## GRANTS & AWARDS

---

- 4th year PhD funding - Labour Chair, Paris School of Economics 2023-2024
- Sciences Po Doctoral Program Full Funding 2020-2023
- "Best Master's Thesis in Economics", Sciences Po 2018

## PROFESSIONAL EXPERIENCES

---

- **Economic Policy Journal** January 2023  
*Research assistance: Replication of three papers*
- **INSEAD - Economics and Political Science Department** 2018 - 2020  
*Pre-Doctoral Research Associate*
- **OECD - PARIS21** Jan. 2017 - Jul. 2017  
*Intern with the Partnership in Statistics for Development in the 21st century*
- **ADE** Jun. 2016 - Dec. 2016  
*Evaluation Intern*

## CONFERENCES AND SEMINAR PRESENTATIONS

---

\* scheduled

- **2024:** EAYE, AFEPPOP, ADRES Conference; RGS Doctoral Conference **Seminars:** PSE Labor Chair, Sciences Po
- **2023:** Naples School of Economics PhD and Post-doctoral workshop; **Seminars:** Sciences Po
- **2022:** Sciences Po Seminar,
- **2021:** Sciences Po Seminar

*Organizer:* Sciences Po PhD internal seminar (2022-2023, 2023-2024)

## TEACHING EXPERIENCES

---

- **Urban Economics**, Sciences Po Spring 2024  
Grader, Bachelor
- **Economics of Discrimination**, Sciences Po Spring 2023  
Teaching Assistant, Master
- **Quantitative and mathematical methods for social sciences**, Sciences Po Fall 2022  
Instructor, Bachelor
- **Introduction to Econometrics using R**, Sciences Po Fall 2021 & Spring 2022  
Instructor, Bachelor

- **Rationality, Expectations and Macroeconomics**, Sciences Po  
Teaching Assistant, Master Spring 2021
- **Prices and Markets**, INSEAD  
Teaching Assistant, MBA Fall 2020
- **Le prix de la démocratie**, Sciences Po  
Grader, Master Fall 2020

## LANGUAGES & IT SKILLS

---

- Languages: French (native), English (fluent), Spanish (conversational), Hungarian (beginner)
- Programming: R (*advanced*), Stata (*advanced*), SAS (*basic*)
